

ACCESS 2020_0				
ACCESS DESCRIPTION	FACILITY	ENTITY	TYPE OF ACCESS	ACCESS STATUS
Trial of wave energy converter with puntual absorbing type devices	Test Sites	Wedge Global	Competitive	Rejected
Design and testing of new propulsion systems and boat hull using green technologies	Onshore	Submersed Technologies S.L.	Open	*
Acoustic deployment and trial of dynamic positioning systems	Test Sites	Valaris PLC	Open	*
Deployment of two gliders and acoustic sensor	VIMAS	Oceanic Observatory of Madeira (ARDITI)	Open	*
Marine energy converter dualsub (wind and wave) trial	Test Sites	Marine Power Systems	Open	*
Use offshore platform as landing and take-off area for hyperspectral drone and autonomous sailboat	Platform	Universidad de Las Palmas de Gran Canaria	Competitive	*
Use of laboratories for training activities	Onshore	Escuela De Negocios MBA (Formación CIP)	Open	*
Testing of autonomous surface vehicle	VIMAS	ICTYS Technologies S.L.	Open	*
Access to meteoceanographic data (wind, wave, tides, currents, bathymetry and other auxiliary parameters)	Observatory	Wunder Hexicon, S.L.	Open	Accepted
Testing of an upwelling system prototype	Platform	GEOMAR Helmholtz Centre for Ocean Research Kiel	Competitive	*
Setting up and deployment of nine mesokosmos	Platform	GEOMAR Helmholtz Centre for Ocean Research Kiel	Competitive	Accepted
Demonstration of new autonomous submarine vehicle system for civil purposes -Deep sea protection	Test Sites	Technical University of Berlin	Open	*

* Due to the Covid-19 pandemic the evaluation of the requested access was suspended. Users who so wish may request access again through the [MARHIS](#) access calls (for access to the PLOCAN test bench) or through the [PLOCAN](#) access calls (for access to the rest of PLOCAN facilities).
